

Communication and Language

We will introduce oracy rules to the children where they will begin to learn the skills to become effective speakers as they get older. There will be plenty of opportunities to apply these skills when talking to friends and teachers.

Physical Development

For the first half of the term, we will focus on traveling in different ways, such as running, hopping, jumping. Following on from this, we will create shapes and movements in time to music. We will develop our fine motor skills through cutting and threading activities and improve our pencil grip.

Understanding the World

This term we will learn all about the season autumn and the changes that occur to nature. This learning will be enhanced next half term with a trip to Brookvale Park where we will have lots of fun, collecting different coloured leaves, creating nature pictures and doing leaf rubbings.

Maths

This half term we will begin by matching, sorting and comparing objects. They will then move on to exploring numbers up to 5. The children will be encouraged to count to 5 accurately, subitise, partition numbers to 5 into two parts and say one less or one more than a given number.

Reception Autumn 1 Curriculum Map

Literacy

In reading, we will begin our RWI phonics lessons. We will be grouped, which will challenge us at a level that is appropriate to our individual needs. Using the sounds that we have learnt, we will begin to read words. We will read set 1 and 2 red words by sight. In writing, we will begin by practising correct formation of letters and then following on from this, we will begin to write simple CVC words, for example, mat, tin, etc. Some of us will have a go at writing sentences.

Expressive Art & Design

We will learn how to use different resources and how to manipulate them in different ways to create their own master pieces. They will also explore using paints and mixing colours.

Personal, Social & Emotional Development

We will begin to make friends with our peers and learn how to share and take turns. We will also learn how to moderate our feelings. We will go to the toilet independently and wash our hands.
